Thorntons Client Portal

As of 2021 we started to fully utilise our new Client Portal.

Are you still unsure of the advantages of this service?

- You can securely upload your personal tax documents in real-time, making the collation of your yearly tax documents so much simpler.
- We can securely upload Year-End Tax Returns, Financial Statements and other important documents for you to review and download immediately. This means no need for password protection, meaning you can also send these documents on to your financial institution/mortgage broker with ease.

For those of you who have yet to use the Thorntons Client Portal, please contact us so we can resend your login link.

Making any New Year's Resolutions this year?

For many businesses, the challenges of the last couple of years have been enough to keep us busy.

But, the new year is a new beginning and sometimes a good time for goal setting.

We hope 2022 brings you health, wealth, and happiness.
